Almon Robison, the Millard County Capitalist and Stock nan, Arrested Today.

JOHN PETERSON COMPLAINANT.

Alleges That Robison Stole a Steer Which Belonged to Him-Defendant Pleads Not Guilty.

(Special to the "News.") Fillmore, Utah, Aug. 27 .-- Almon Robison, the Millard county capitalist, the owner of thousands of head of sheep and hundreds of head of cattle and horses, and a money lender of this county, was arrested today on the charge of grand larceny. The complaint was made by one, John Peterson, a resident of this city. Mr. Peterson detailed the facts to your correspondent as follows:

Last April he had some stock running in a pasture of his below the city among them being a yearling steer branded and marked with M. R. Peterson's brand and mark. The other day when he went down to his pasture to look at his stock, this particular steer was missing. He made inquiries con-cerning the whereabouts of of the same from many stock raisers, among them the defendant, but all of them dis-claimed any knowledge of the animal.

This week Mr. Peterson found his steer runing on the range in the vicinity of the Mammoth ranch of the defend-ant, and having the defendant's brand on. The animal was brought to town, turned loose upon the street and placed in the city estray-pound, by City Mar-shal Peter Huntsman, when one of the defendant's employes took the same, stating that it belonged to the defendant, and that he was acquainted with the animal.

Mr. Robison was arrested today by Sheriff Beauregard. He pleaded not guilty and his preliminary examination was fixed for this afternoon at 2 o'clock,

OVAD DENIES DESERTION. Also Says His Wife Has Been Staying Out Late at Night With Other Men.

In his answer to the divorce complaint filed against him in the district court, John A. Ovard denies that he has deserted his wife and alleges by way of cross-complaint that she has been guilty of going out to the Salt Palace and Calder's park with other men and staying out all night with them. On the night of July 25 he alleges that she went to the Salt Palace with another man and did not return home until late in the night. Upon her return she told her husband that he was not wanted in the house any long-er, whereupon he left. He returned the next day but alleges that she refused to admit him to the house. Another attempt was made to return to his home but it was equally unsuccessful. Ovard asks that his wife's complaint be dismissed and that she take nothing by her action. He states that he is still willing to return to her and provide for

FOR DEATH OF C. CURRAN. Suit Was Commenced for \$3,091.50 and Settled for \$600.

In the damage suit filed in the district court today by Alexander S. Fowler, administrator of the estate of Conrad Curran, deceased, against the Bingham Copper and Gold Mining company, Judge Morse today entered judgment in favor of plaintaiff by stip-ulation for \$600. Conrad was killed by a cave-in in defendant's mine at Bing-ham on Aug. 20, 1962, and the admin-istrator of his estate brought this action to recover damages in the sum of \$3,991.50. The case was zettled by the parties by the payment by defendant of \$600 for all claims whatsoever

The Copp Case.

Suit for divorce has been filed in the district court by Mae Copp against Walter Copp on the ground of deser-tion. The parties were married at Og-

den on Sept. 4, 1902.

Mrs. Leyson Wants Divorce. Minnie Leyson today filed suit for di-vorce in the district court against Joseph Leyson on the ground of deser-tion. They were married in Butte, Mont., on June 26, 1884, and it is al-ieged that defendant deserted his wife

RIGHTS OF JUSTICES.

on May 30, 1889.

Question of Jurisdiction to be Tested In the District Court.

The right of a justice of the peace to take jurisdiction in a case, the cause of action in which arises outside of his precinct in the county and wherein both parties to the said action are nonresidents of his precinct, will be tested in the district court by a writ of review which was issued by Judge Morse today against Justice J. P. McOmie, of Murray, upon the petition of H. Christensen and wife.

The affidavit for the writ alleges that on May 7, 1963, a suit was filed in Jus-tice McOmie's court against Mr. Chris-tensen and wife by O. H. Pike and wife to recover \$68 alleged to be due for services rendered. In due season a de-fault judgment was rendered against the petitioners herein for the full amount asked, together with costs amounting to \$3.90. It is further alleged that the cause of action arose in Farmers precinct; that both plaintiffs and defendants in said action are residents of Farmers precinct; that there is a duly elected and qualified justice of the peace in said precinct who would have had jurisdiction in the case, and therefore Justice McOmje exceeded his jurisdiction when he entered judgment against the petitioners and said judg-ment is therefore without authority in

Upon the showing made in the affidavit Judge Morse issued a writ of review which is returnable on Friday, Sept. 4 at 10 o'clock.

POWER PLANT CHANGES.

West Temple Station Will be Used for Moving Street Cars and Elevators.

The Utah Light & Power company decided at a directors' meeting yesterday afternoon, to make the station back of the Tribune building on West Temple street a permanent substation for distribution of the currents through the city, and there the alternating currents will be changed to direct currents for the moving of the street railway cars and elevators. The capacity of the country on a special trip.

station will be raised from 2,000 -to 4,000 volts, or from 1,100 to 2,000 horse power. This will require the addition of three new boilers, making six in all, but it will not be necessary to increase the dimensions of the building as there is plenty of room for a large increase yet. This improvement will involve the outlay of \$50,000 within the next 12 months, and ultimately a tota outlay of \$100,000. Manager Campbell was asked if it were not possible to substitute oil for coal, but he said not until petroleum could be delivered in Salt Lake at 2½ to 4 cents per gallon.

DEADLY ASSAULT CHARGE. County Attorney's Office Files Complant Against Man from Murray.

Assistant County Atty. Whittaker today issued a complaint against Joseph Benson a resident of Murray, charging him with assault with a deadly weapon. The complaint was sworn to by Mrs. Carrie Benson, the divorced wife of deferdant, who charges that he came to her home at Draper last Friday night and pulled a revolver on her and coin-pelled her to get down on her knees and ask his forgiveness. She says that he fired four shots over her head, and that her father had to interfere to pre-vent him doing her bodily harm. The complaint was filed in Justice Elisha Brown's court at Draper, where Ben-son will have his preliminary hearing.

SOLDIER BOYS RETURN. Cavalrymen Come Back From the Encampment Looking and Feeling Fine

The mounted soldier boys returned from encampment this afternoon, well browned and feeling fine after their experience. There was something of a rivalry between the cavalry and the artillery as to which would reach Salt Lake first, and the cavalry stole march on the artillerymen bright and early this morning, and reached this city about an hour ahead. All are pleased with their camp life, and feel that it has done them a world of good. Association with the regulars proved a great incentive to the state troops to work, and the presence of the trained artillery horses saved the local battery the unpleasant duty of breaking in raw material. The Provo people did everything they could to make the stay of the troops pleasant, and are anxious to have them down there again.

NOTED VISITOR IN TOWN. Congressman Golden and Party Came In Late this Afternoon.

There is a distinguished party of 30 in town this afternoon, known as the Congressman Golden party, Mr. Golden representing the Eighteenth congressional district of New York state in the lower house at Washington, Senator Smoot had arranged lunch for the party at the Commercial club, and a special organ recital was provided at the Tabernacle for their entertainment, with Miss Emma Ramsey as the vocalist. But the party was delayed up the line and failed to arrive until late in the afternoon. They were immediately escorted to the Tabernacle by Senator Smoot, who met them at the depot, and the following program was given by Prof. McClellan: Prelude, Lohengrin (Wagner); Pavane Favorite of Louis XIV. (Brisson); Communion in G. (Batiste); Mighty God Hath Spoken, (L. M. Cace), vocal solo, Miss Emma Ram-Old Melody; Concert Overture, sey: Old (Hollins).

RELIANCE PROVES THE BETTER BOAT.

to the south of the committee boat, headed back to the line. Reliance held away for about a minute and then started after her. The great sail spread of Reliance enabled Capt. Barr completely to blanket Shamrock and from this position Capt. Wringe was unable to extricate his boat. Capt. Wringe, however, was able to prevent Reliance getting down into position on the leeward side of the line and both boats, when the starting gun was fired, were on the windward side, heading over toward the lightship. Reliance then pulled by Shamrock and rounding the lightship headed for the line on the port lightship headed for the line on the port tack. In the meantime the handicap signal had been fired and Reliance, coming lowly for the line, finally crossed it nearly a minute later. Shamrock was more than a minute astern of the American boat and had a handicap of 2 minutes and 5 seconds. It was the worst start an English boat has made in an America's cup contest for many years. At 11:15 both yachts were headed a little north of east, sailing very slowly on the starboard tack. Reli-ance was well in the lead. The wind at that time was blowing about five

WIND SEEMED FICKLE.

The wind as the yachts sailed far-ther away from the lightship seemed very fickle and at 11:20 Shamrock was heading four or five points off the course sailed by Reliance. In fact, the Reliance 20 minutes after the start, had an apparent lead of nearly half a

RELIANCE HAS ADVANTAGE.

The conditions of the start gave Reliance a very decided advantage for though both yachts are officially timed as crossing at 11:02, Shamrock actual-ly crossed one minute and seven seconds behind her competitor, thereby re-ducing the time which Reliance must overcome in her time allowance one minute and seven seconds. Thus Reliance in actual sailing only has to overcome in time allowance 50 seconds.

RELIANCE PULLED AWAY.

Both yachts held to the eastward on the starboard tack until 11:28. Reliance the starboard tack until 11:28. Reliance continued to pull away a bit and when both tacked to port she had a lead of fully three-eighths of a mile. Shamrock had moved so slowly that she was scarcely a mile from the lightship when she came about. Neither yacht was heeling over to any extent. The air was very light and the excursion fleet continually had to stop so as to not be in tinually had to stop so as to not be in advance of the racers.

SHAMROCK HOLDING RELIANCE. As the yachts drew nearer the outer mark Shamrock seemed to hold Reliance better, appearing to point almost as high and foot as fast. At 1:02 both boats having made a long tack to starboard came about and headed towards the south. They were somewhat to the the south. They were somewhat to the westward of the course, and it looked as if they might reach the mark on the next tack. The wind off shore was blowing about six miles an hour.

RELIANCE GAINS CONTINUOUS. At noon the boats had been sailing

about an hour and covered about one-third the distance to the outer mark Reliance's gain as the yachts worked slowly out toward the mark was continuous and she pulled away until at 12:25 there was a space of about a mile betwen the two boats. The breeze had freshend to about seven knots and the yachts were moving faster than at any previous time in the race. Shamrock appeared entirely unable to hold Reliance. At 12:15 they were half way to the outer reask.

SHAMROCK COMES ABOUT.

It was 12:30 when Bar tacked to starboard. Capt. Wringe did not follow his lead, and Barr held the starboard tack for four minutes, when he again tacked to port. Hardly had he filled when Shanrock came bout. Barr when Shamrock came bout. Barr quickly followed. The yachts at this time had apparently called about 10 miles of the course. The wind had not fallen and the prospects were for a finish race,

RELIANCE GAINING.

The yachts sailed the first four or five miles of the homeward course very slowly. Reliance with her greater sail spread continued to gain and at 2:50 was more than a mile in the van. Un-less the wind decreases Reliance is the certain winner and Sir Thomas' third effort to win the America's cup is doom-

No smelting will be done in Utah.

A blaze that threatened to do considerable damage occurred at the resi-dence of W. N. Desmond, rear of 231 Seventh East, this afternoon. The fire was caused by a small girl smoking corn silk cigarettes. Assistant Chief Wood brought a couple of the cigarettes back to department headquarters and they will be placed among the curios of the department. The fire caused little or no damage as the apparatus from station No. 4 made a quick run to the place when the alarm was turned in.

FURTHER DESCENT EXPECTED.

Astrachan Apples Are Out of Date and Oysters Are Becoming More Plentiful.

There are quite a number of changes n the local markets today. Prices of farm products have taken a fall, and a further descent is expected before they begin to stiffen. Spring chickens have lost a nickel's worth of the spring under them, but the remainder of the meat products continue firm. Oranges and lemons have gone up, raspberries, currants and Astrachan apples are out of date. But oysters are becoming more plentiful, and by another week all the varieties will be within reach.
